# INTRODUCTION

The names, dates, and other information in this book were taken from cemetery tombstone inscriptions. Only in a very few cases were written cemetery records consulted, and it will be noted if the cemetery readings were cross referenced with any other written record.

All cemeteries were read beginning from the southeast corner and numbered south to north.

As in any project of this type, where many names and dates are copied, there is a chance of error. However all inscriptions were read and recorded with great care and to the very best ability of the recorder. They were typed with the same concern for accuracy.

The help of everyone who has been involved with this project has been greatly appreciated by the cemetery committee and the Henry County Genealogical Society. A lot of time and effort on the part of members, their friends, and spouses has made this book possible.

Courthouse records and various county history books were used as reference for information about townships and cemeteries.

The county and township maps were reproduced from maps obtained from the Henry County Board of Commissioners. The cemetery maps were copied for us by the employees in the Recorder's Office at the Henry County Courthouse.

These cemetery maps were done by The Works Project Administration (W.P.A.) and co-sponsored by the American Legion, Department of Ohio - State of Ohio in 1940.

According to the World Book Encyclopedia "The Works Progress Administration was founded in 1935 to provide work for needy persons on public-work projects."

The following abbreviations are used throughout this book.

# FLATROCK TOWNSHIP

Flatrock Township was organized in May 23, 1835. At that time what is now Richland Township in Defiance County was a part of it. The name Flatrock was given because of the vast number of large flat rocks found in the bed of the Maumee River just west of the village of Florida.

Florida was the first village in Henry County. Some historians say it was first called McLean. The Indians called it Snaketown and that reference appears on the present village limit markers. The only other village in the township is Stanley. Flatrock Township has Defiance County as its border to the west, Napoleon Township to the north, Monroe Township on the east, and Pleasant Township lies to the south.

There are three private family burial grounds in Flatrock Township. They are Parry, Huston, and Gunn cemeteries. Other cemeteries are Cole, Brinkman, Florida, St. Paul Lutheran, and St. John's United Church of Christ.

# Bachman Family Cemetery

**Township:** Flatrock

**Location:** Between County Roads J and K, and 18 and 19

**Description:** Private family burial ground. Has only 2 engraved stones and several flat stones with no engraving.

**Recorded:** Sep 1992

**Final Reading:** Jan 1992

**Re-surveyed:** Summer 2013

On September 1, 1992 we learned about another private family burial ground in Flatrock Township. The area is along the Maumee River in section 18 between Henry County Roads J and K, and 18 and 19.

Two engraved grave stones were found and recorded. There are several flat stones with no engraving. We were told that perhaps at one time there were more stones, but they were not found amid the overgrowth of weeds and brush.

This information was not in the first publication of this book in June 1990.
